Provider Directory

December 2025

Our Provider Directory lists all of the doctors and providers that are part of MedStar Family Choice. To help you choose a provider near you, our providers are listed by city or county.

As a member of MedStar Family Choice, you must pick a primary care provider who will help you with all of your medical care and other special needs. Our primary care providers are listed in the section called Primary Care for each county or city.

The other providers listed in this directory are called specialists and are listed by county or city and then by type of specialty. Included in this list are providers such as cardiologists, neurologists, OB/GYNs, dialysis units, labs, radiology providers, skilled nursing facilities, rehab providers (PT/OT/ST) and vision providers.

The directory will let you know if the office is accessible for people with disabilities. We review the office location for accessible parking and entry ways as well as elevators. We also look for accessible hallways, restrooms, and handrails. If the office is not accessible, we will tell you the reason. Some examples of not being an accessible location would include the following: no accessible parking, no handrails, no accessible restroom, or no accessible entryway or hallway.

If you do not speak English, call Member Services at **888-404-3549.** MedStar Family Choice has interpreters to help members when visiting their doctors. We will also provide an interpreter to help non-English speaking members read written information sent by Member Services. Como miembro de MedStar Family Choice, usted debe elegir un proveedor de atención primaria que lo ayudará con toda su atención médica y otras necesidades especiales.
