

Provider Alert
Expanded Urgent Care Network Access

We are pleased to announce that University of Maryland Urgent Care is now participating in our MedStar Family Choice (MFC) Maryland network. This addition enhances our existing urgent care options, giving members more choices for after-hours, weekend, and walk-in care.

Why this matters?

Members now have convenient access to quality care when and where they need it most. University of Maryland Urgent Care centers are located throughout Maryland communities.

Current Locations:

- Aberdeen
- Baltimore City
- Baltimore County
- Chester
- Denton
- Easton
- Fallston
- Forest Hill
- Glen Burnie
- Pasadena

To find a specific location, please visit our online Provider Directory or scan the QR code included in the attached flyer.

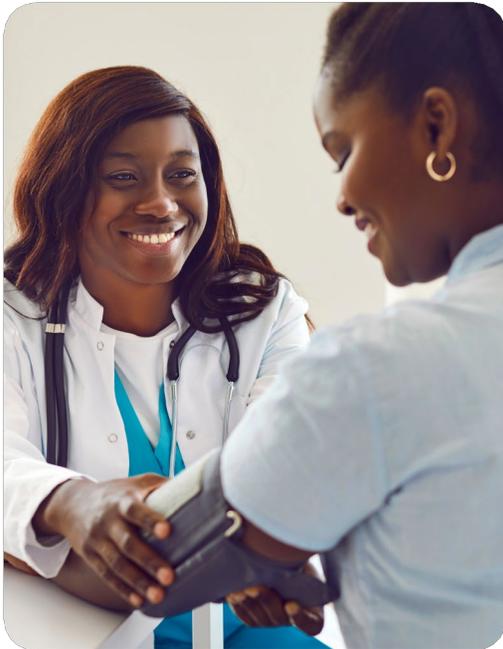

Please take a moment to review the attached flyer for details about University of Maryland Urgent Care joining our network. We encourage you to share this information with MFC members, so they are aware of the expanded options for after-hours and walk-in care. Your support in communicating these updates helps ensure members can access care when and where they need it most.

Question regarding this communication should be sent to MedStar Family Choice Provider Relations Department at mfc-providerrelations2@medstar.net.

Urgent Care

Access to medical care when and where you need it most.

We heard you and we've expanded our Urgent Care network!

We are pleased to announce that University of Maryland Urgent Care is now participating in our Maryland network and has joined our existing urgent care provider options.

- Members now have more choices for after-hours, weekend, and walk-in-care.
- University of Maryland Urgent Care centers are conveniently located throughout Maryland communities.
- Visit our online Provider Directory to find a convenient location.

Coming soon!

In addition, we are excited to announce that we are working collaboratively with University of Maryland Medical System to include its hospitals and physicians as part of our network soon.
